DETAILED ACTION

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on November 16, 2004, Applicant's attorney, Max Moskowitz requested an extension of time for 3 MONTH(S) and authorized the Director to charge Deposit Account No. 15-0700 the required fee of \$980 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Max Moskowitz on November 16, 2004.

The application has been amended as follows:

- a. **Cancel** the claims 1 and 7.

3. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest a an imaging apparatus comprising: a taking lens; an imaging device, composed of combinations of lines spaced at specific intervals; control means for controlling the charge storage start timing for said imaging device in such a manner that the photoelectric conversion elements belonging to the same photoelectric conversion element group in said imaging device start to store charges with the same timing and the photoelectric conversion elements belonging to another photoelectric conversion element group start to store charges with different timing; and driving means for driving said taking lens along the optical axis on the basis of the image signal read from each of the photoelectric conversion element groups in said imaging device, wherein said driving means drives said taking lens to specific positions in synchronization with the charge storage start timing for each of photoelectric conversion element groups in said imaging device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
